

StarTeam 2008-01-24 Report

Status: Verified Documented, Responsibility: Paul Stusiak (1 item(s))

#188 **Status:** Verified Documented **Severity:** Medium
Modified Time: 11/29/2007 8:52:19 AM **Entered On:** 9/7/2007 10:06:41 AM
Responsibility: Paul Stusiak **Entered By:** Gina Accawi
Type: Defect **Build Reviewed:** 2007-07-26-fc
Addressed By: Gina Accawi **Addressed In:** Next Build
Synopsis: Differentiate between Lease/Rent and Purchase in Listings
Description: Do we want to make both Lease/Rent Exclusions and PurchaseExclusions? More generally, how do we handle Lease/Rent vs. Purchase across the board in Listings? How about in Properties?

Status: Verified Fixed, Responsibility: Paul Stusiak (2 item(s))

#163 **Status:** Verified Fixed **Severity:** Medium
Modified Time: 1/24/2008 11:44:25 AM **Entered On:** 7/30/2007 11:37:50 AM
Responsibility: Paul Stusiak **Entered By:** Paul Stusiak
Type: Defect **Build Reviewed:** 2007-07-26-fc
Addressed By: Gina Accawi **Addressed In:** Next Build
Synopsis: Change data type of ParcelNumber to a string.
Description:

#177 **Status:** Verified Fixed **Severity:** Medium
Modified Time: 10/3/2007 12:52:35 PM **Entered On:** 8/8/2007 12:29:32 PM
Responsibility: Paul Stusiak **Entered By:** Gina Accawi
Type: Defect **Build Reviewed:** 2007-07-26-fc
Addressed By: Paul Stusiak **Addressed In:** Next Build
Synopsis: Add MLSOperatorId to the MLSMembership structure.
Description:

Status: Verified As Designed, Responsibility: Paul Stusiak (1 item(s))

#116 **Status:** Verified As Designed **Severity:** Medium
Modified Time: 11/29/2007 8:53:53 AM **Entered On:** 7/23/2007 11:06:00 AM
Responsibility: Paul Stusiak **Entered By:** Gina Accawi
Type: Defect **Build Reviewed:** 2007-05-14
Addressed By: Paul Stusiak **Addressed In:** Next Build
Synopsis: Investigate renaming ListingParticipants to Participants.
Description:

Status: Fixed, Responsibility: Paul Stusiak (44 item(s))

#79 **Status:** Fixed **Severity:** Medium
Modified Time: 11/29/2007 8:46:23 AM **Entered On:** 6/22/2007 1:34:34 PM
Responsibility: Paul Stusiak **Entered By:** Gina Accawi
Type: Defect **Build Reviewed:** 2007-05-14
Addressed By: Paul Stusiak **Addressed In:** Next Build

Synopsis: Add a flag to indicate primary agent for listing and selling.

Description: Add a flag to indicate primary agent for listing and selling. Could be within the team and within members. Make entry top level, allow only member.

#107 **Status:** Fixed **Severity:** Medium
Modified Time: 11/29/2007 8:48:30 AM **Entered On:** 7/11/2007 11:19:24 AM
Responsibility: Paul Stusiak **Entered By:** Gina Accawi
Type: Defect **Build Reviewed:** 2007-05-14
Addressed By: Paul Stusiak **Addressed In:** Next Build
Synopsis: Need a sublisting status on listing
Description: Need to accommodate the concept of a sublisting status, as an element with string type, repeatable. This information provides additional status detail, but co-exists with current status.

#155 **Status:** Fixed **Severity:** Medium
Modified Time: 7/27/2007 9:00:41 AM **Entered On:** 7/26/2007 1:29:33 PM
Responsibility: Paul Stusiak **Entered By:** Paul Stusiak
Type: Defect **Build Reviewed:** 2007-05-14
Addressed By: Gina Accawi **Addressed In:** Next Build
Synopsis: Add SystemId to Media, Transaction types
Description:

#161 **Status:** Fixed **Severity:** Medium
Modified Time: 8/1/2007 10:04:04 AM **Entered On:** 7/30/2007 11:36:12 AM
Responsibility: Paul Stusiak **Entered By:** Paul Stusiak
Type: Defect **Build Reviewed:** 2007-07-26-fc
Addressed By: Paul Stusiak **Addressed In:** Next Build
Synopsis: Add RELicenseNumber to the RELicenseType complexType.
Description:

#162 **Status:** Fixed **Severity:** Medium
Modified Time: 8/1/2007 11:03:48 AM **Entered On:** 7/30/2007 11:36:59 AM
Responsibility: Paul Stusiak **Entered By:** Paul Stusiak
Type: Defect **Build Reviewed:** 2007-07-26-fc
Addressed By: Gina Accawi **Addressed In:** Next Build
Synopsis: Add MLSLicensing to the Office complexType
Description: It should be a repeating element. Offices can belong to multiple MLS services.

#165 **Status:** Fixed **Severity:** Medium
Modified Time: 1/21/2008 3:55:50 PM **Entered On:** 7/30/2007 1:29:25 PM

Synopsis: Revise Media resource - see description.

Description: To Do: Change media root element to contain the type definition rather than a type reference.
 To Do: Media type needs to be repeatable.
 To Do: Change the use of the term Type for the use of type definitions and use category for previous type.
 To Do: Remove element Content and move title, description, keywords, etc. up a level.
 To Do: Move Uri to the same level as the Binary. Remove the choice part. Make it minOccurs="0".
 To Do: Size height, width with units for px and em as types. Use for media.
 To Do: Make RelativeScale element, union of integer and string. Small, medium, large. 0 for original raw.
 To Do: Annotation that Title is the caption for a photo, title for audio, etc.
 To Do: Investigate media hotspots (like in virtual tours or photos).
 To Do: Investigate including media on a per room basis.
 Primary photo, display order overall
 Who uploaded, member, person?? String?
 Category: exterior, interior, bath, etc. Should it be free form or enumerated?
 Keywords
 Caption/Title
 Description/Remarks
 MimeType
 Type specific information: Size, bitrate, etc.

Supplements, Images, Uri, audio, video, (application, postscript, message)
 Copyright
 Key
 For the Uri, provide a display value.
 Investigate link to rooms
 modificationTimestamp added to media
 Make sure the hash value stays required. Remove the algorithm, enforce the use
 of MD5.
 To Do: Ensure timestamps and keys are all required.

Synopsis: Additional functionality for SchemaToSpreadsheet
Description: For XSL to spreadsheet some features would be nice.
 1. Retrieve annotations from complexType definitions as well as from elements.
 2. Resolve complexTypes from other namespaces.
 3. Find a way to display enum values.

Synopsis: Create process item to move schema to SCT
Description: Ensure the schema for review are posted to the SCT (Schema Commenting
 Tool). Change the agenda to indicate the new time slice purpose. Add all schema
 up for vote to the Thursday general session slice. Have UML or other
 documentation prepared to assist in illustrating the relationship between the
 pieces of schema. Post the most recent schemas to the rets.org site well in
 advance.

Type: Suggestion **Build Reviewed:** 2007-05-14
Addressed By: **Addressed In:**
Synopsis: There are a couple of elements defined in RETSCommons that refer to NRDS items. AssociationOfficeId and AssociationMemberId. In some of the places they are used the elements are named things like NRDSOfficeId. Should the types be moved to the NRDSCommons rather than RETSCommons? With renaming all the elements using NRDS types to use NRDS in the name, I found these couple of elements with NRDS in the name defined in RETSCommons and think this wasn't confusing before, but may be now...
